An online, self-paced CME/CE-certified certification program detailing the pertinent clinical and practice information that clinicians need to effectively employ HIV prevention interventions. Upon successful completion of the seven-module program, participants earn a certification recognizing their designation as an HIV Prevention Certified Provider (HIVPCP) and receive a listing in the national online directory.

[healthhiv.org/hivpcp](http://healthhiv.org/hivpcp)

The only certification program in PrEP navigation offered to providers and allied health professionals to deliver inclusive, affirming PrEP navigation services backed by current data and clinical best practices. By successfully completing the eight, 30-minute modules and receiving their HIV PrEP Navigation Certification, providers will demonstrate their commitment to navigating patients in their PrEP care.

The HealthHIV Remaining Relevant in the New Reality™ initiative is designed to address the significantly evolving capacity building needs of AIDS service organizations (ASOs) and community-based organizations (CBOs) by strengthening organizational leadership, development, and sustainability.

[healthhiv.org/remaining-relevant](http://healthhiv.org/remaining-relevant)

HealthHIV conducts regular national surveys to better inform ongoing advocacy, education, research, and training activities. The regular reports offer the ability to study multi-year trend analyses illustrating changes, challenges, and opportunities to address the needs of providers and patients.
